

Balfour Beatty

M3 Junctions 2 - 4a Smart Motorway

Notifications of Slip Road or Carriageway overnight closures

For information

From 30 January 2018 we will no longer continue to send out these notifications regarding overnight closures. Balfour Beatty works carried out on behalf of Highways England on the M3 scheme between junctions 2 and 4a will be concluded therein.

From 30 January 2018 onwards Highways England will continue with business as usual activities. This involves general maintenance work during overnight closures throughout the strategic road network. We strongly advise the travelling public to check Traffic England website for any upcoming closures post 30 January 2018 to plan their journey ahead.
