

West End Skatepark

Presentation by 4 local boys, to the parish council on 28th October 2015

Location

- There are two possible locations for the skate park; preferably the skate park would be built in the recreational space behind the bowls club (rosewood way), or by the fitness equipment on the green outside Tringham hall
- The Rosewood way location would be cheaper for transitions – ramps and quaterpipes – because there is a natural bank in the grass.

Support for the skate park

- We have created a group on Facebook and instagram called 'West End Skate Park' which is a movement to let everyone know what we are fighting for. Members of the group include Adrian Page, Jan Smith, Catherine Roberts and many more adults and children alike.
- We have emailed the Woking advertiser in hopes to get an advert for the skate park so people will know that there is one that needs support.

The Benefits

- Local amenities, such as Shiv's convenience store, will thrive with all of the new custom, this is beneficial for the local economy.
- It gives teenagers a place to practice a skill and keep fit, as there is nowhere for teenagers to go to in west end
- Puts west end out there through the use of newspapers and skate companies (wheelscape) which could attract people to the village.

Who will this affect?

- Wheelscape's specially designed concrete ensures that you'll get the quietest noise from the wheels hitting the concrete.
- Noise pollution is not a worry because of the time limits you can use the skate park for.

Wheelscape

- Wheelscapespecialises in bespoke progressive skate park design, user-led consultation and free-form in skate park construction.
- Wheelscape is helping us achieve our goal; they built Guilford skate park (In stoke park)
- We have emailed them and spoken on the phone to them. Wheelscape are helping for the fundraising as well.

budget

- After consulting Wheelscape and freestyle skate parks, we have found an average skate park budget to be 75,000 to 120,000.
- Our target is to get a budget of 90,000
- We would be happy to answer any questions about any of the budget and financial side of things.

fundraising

- Possibly a Windlesham based charity that grants money for projects like this called 'Windle Valley Youth Project'
- Wheelscape offers support for fundraising
- All of the people behind the skate park are arranging car washes, cake sales, etc.
- I am meeting with Mr. Moss (headmaster of Gordon's school) to see if there would be any financial support from the school and also if internal fundraising projects would be allowed to take place (e.g. mufti day where you donate money to dress in your own clothes)
